ADMINISTRATIVE REVIEW:

1. Required Documentation for Application

Bridget Scott, Department Head at Nicholls University discussed concerns regarding the Board's new requirement to submit verification statements directly from the Program Director. Ms. Scott mentioned that most university staff works on nine month contracts and often there is no one there during the summer. Ms. Scott also wanted to ensure that the Board has considered what happens when internships close down.

Jolie Jones will check with the Board of Higher Education on their policies regarding record keeping and documentation for internship verifications.

Motion was made by Clare Miller, seconded by Margaret Jones and unanimously carried, to form a committee to consider a possible change of renewal date. Lori Roy will chair the committee and Martina Musmeci Salles and Meghan Kavanaugh will participate. The committee will also review dates of CDR renewal and discuss time frames for the process.

Clare Miller will contact ACEND to inquire about verification statements, specifically how does one get proof of an internship from a closed program. Martina called CDR during the board meeting to inquire if a dietitian can request their verification statement from CDR. CDR said it is the university and student's responsibility to keep track of their records and noted that students are given five copies of their verification statement upon completion of the program.

Motion was made by Clare Miller, seconded by Jeanine Songy-Latham and unanimously carried, to create the following policy:

If an applicant is unable to obtain their verification statement from the internship directly, the Board will accept a copy from the applicant of the actual verification statement or other documentation such as a notarized statement to verify the internship.
